

RELEASE NOTE

Document No: AI-CA-001

Project Name: AI Career Assistant – Resume Analysis Dashboard

Version: v1.0.0

Release Date: 09-June-2026

Revision History

Revision Number	Revision Date	Description
0.1	25-05-2026	Initial Project Development
0.2	01-06-2026	Resume Analysis Module Added
0.3	05-06-2026	ATS Score & Skill Detection Implemented
1.0	09-06-2026	Final Release Version

Project Overview

AI Career Assistant is an intelligent web-based tool that helps job seekers analyze their resumes and improve their chances of getting shortlisted by Applicant Tracking Systems (ATS). The system compares resumes with job descriptions and provides detailed feedback, skill gap analysis, and career recommendations.

Release Content – v1.0.0

New Features

1. Resume Upload Support

- Supports PDF resume uploads.
- Extracts resume content automatically.
- Provides quick resume analysis.
